

**Title 9--DEPARTMENT OF
MENTAL HEALTH
Division 45--Division of Mental
Retardation and Developmental
Disabilities
Chapter 3--Care and Habilitation**

9 CSR 45-3.020 Individualized Supported Living Services—Definitions This rule provided a definition for individualized supported living services when the service was initially implemented in the early 1990s.

PURPOSE: This rule is being rescinded as the definitions included therein for individualized supported living services are no longer accurate. Individualized supported living services are just one of many services available under home and community-based waivers for individuals with intellectual and developmental disabilities. These waiver services are defined in the current home and community-based waiver approved by the Centers for Medicare and Medicaid Services within the United States Department of Health and Human Services. Additionally, waiver services are further defined in the MO HealthNet DD Waiver provider manual and incorporated by reference into 13 CSR 70-3.030.
